Welcome Back to

Star Diamond World, The AAHS Luxury Travel & Lifestyle Magazine.

At this time it gives us tremendous joy to say hospitality is back in full swing, The American Academy is better than ever, and in the highest demand due to the need for all to go out to enjoy and celebrate life again.

We are delighted to see the hospitality industry flourishing again. Currently AAHS has been circling the globe looking for the very best in luxury excellence, and we are excited to share with all our latest as well as continued awarded recipients, plus all recent happenings in this Summer 2024 issue.

During this past winter AAHS has been very active with conducting charitable good works. Our annual Toys for Tots drive along with the US Marine Corps delivered toys and winter apparel to children and families in need, having events in Chinatown, NYC, Queens, and Long Island areas, spreading hope and inspiration keeping with our motto, "It's always better to give than to receive".

Attended the unveiling ceremony debuting a bronze statue of one of Hollywood's greats and personal good friend Frank Sinatra, son of Hoboken. His voice will continue to uplift and entertain us all for many years to come.

While in CA, I had the pleasure of honoring one of my dearest friends, the legendary Dave Winfield with a Lifetime Achievement Award at the Evening of Champions event in Los Angeles. It was an absolute honor and an extraordinary Six Star studded celebration.

Congratulations to Brandon Dawson and Grant Cardone regarding their outstanding projects with Cardone Ventures and the successful turnout of the 10X growth conference which has made a significant impact with entrepreneurs by bringing resources to assist business owners to grow and optimize their organizations potential.

This VIP affair took place in the City of Angels, the sports and entertainment Mecca of the world. Gathering current and former athletes from different areas of the sports world, business colleagues, industry champions, and entertainment icons etc. Creating the most memorable event taking place during the MLB All Star Week, setting the bar high for any future All Star events expressing the importance of giving back, spreading knowledge emotionally, and financially throughout communities. Legendary Home Run Career

As a MLB player Dave Winfield had a Hall of Fame baseball career, spanning over 22 years, he was a World Series Champion, a 12 time All Star, with 7 Gold Gloves, 6 Silver Sluggers and numerous awards for his service to others. Winfield became a leader and collaborator, advocating for players' rights through the Major League Baseball Players Association. The actions and issues he fought for, transformed how players in baseball - and other sports - finally began to get fair wages, working conditions and respect earned for their athletic careers. In addition, Winfield also succeeded on-air as an analyst for Fox Sports and ESPN Baseball. Also, adding to his list of achievements, written sports articles for The NY Times and Los Angeles Times. We commend Dave on being one of the first professional athletes to create a charitable foundation in which he inspired many other athletes to do the same. For over 20 years, the Winfield Foundation provided healthcare services, nutritional counseling, scholarships, and computer literacy programs to high school students, holiday dinners to families in need, and community outreach programs in and beyond the six Major League cities Dave proudly called home. His charitable work has earned him numerous honors, including the YMCA Brian Piccolo Award for Humanitarian Service, the first Branch Rickey Community Service Award, American League Joe Cronin Award, Josh Gibson Leadership Award and Major League Baseball's Roberto Clemente Award. Bravo Dave, we look forward to you continuing your homerun approach on life, doing amazing things with your larger-than-life generous heart and attitude.

Mosaic Federation Gala Against Human Slavery

MOSFED / Mosaic Federation is the social responsibility initiative of MOSAIC, a Crisis Management and Intelligence company headquartered in New York City and with an office in London as well as Counter Terrorism training headquarters outside San Diego. MOSAIC, founded by its President, Tony Schiena, daily operations by Darrel M. Blocker, former Deputy Director of Counter Terrorism for the CIA and Richard Frankel, former Associate Director of National Intelligence and FBI SAC in New Jersey.

MOSFED was founded in the UK by Tony Schiena and the Head of Counter Trafficking for Scotland Yard, Assistant Deputy Commissioner, Richard Martin, during an investigation into human trafficking in Romania. MOSFED is comprised primarily of law enforcement and intelligence operators, along with senior advisors who held top intelligence, military and law enforcement positions. These leaders are joined by an experienced group of international attorneys, who have a real world understanding of criminal networks and how to best work against them. AAHS BACKS THE BLUE

Honoring a Fallen Officer

The American Academy of Hospitality Sciences along with all compassionate individuals worldwide will never forget the heroic bravery of P.O. Jonathan E. Diller promoted to Detective posthumously on March 30th 2024. With the deepest of sympathy & heavy hearts we all mourn the unfortunate tragic loss of this young NYPD hero. Our continued prayers, thoughts & concern are forever with his wife, precious child, family, friends and his fellow officers, the Men & Women who proudly wear NYPD Blue.

DEA President Paul DiGiacomo, was proudly present at the memorial mass in Massapequa Park, NY on March 30th, 2024. As President of the DEA, DiGiacomo spearheads all union activity, including collective bargaining, political action, overseeing the health and welfare funds, the Annuity Fund, and the union's not-for-profit charity, the DEA Widows' and Children's Fund.

Uniformed police officers, firefighters in bunker gear, and at least 700 motorcyclists from all over the country lined the road leading to St. Charles Resurrection Cemetery in Farmingdale, NY, where Jonathan E. Diller was laid to rest. Locals poured out to support the ranks of law enforcement mourners who came from as far away as Toronto and Miami. It's during unfortunate times, when we must band together, showing a symbol of unity, integrity and strength that validates us as Humanitarians and displays how important it is to treat others with kindness, compassion & respect. Thank you for opening up your hearts to the police force, your continued support for Officer Jonathan E. Diller's family can be made via PBA, DEA and SBA Widow and Children Funds who assist families of NYPD officers who lost their lives in the line of duty.

FRANK SINATRA UNVEILING A LEGEND

Hoboken, NJ

Honoring Ol' Blue Eyes, He did it His Way

The city of Hoboken unveiled a bronze statue of Frank Sinatra on the Hudson River waterfront with sweeping views of the Manhattan skyline, on what would have been the legendary performance 106th birthday. Hoboken is filled with homage and images of its native son Frank Sinatra, who grew up in the mile-square city after his birth in 1915. The grand unveiling included Mayor Ravi Bhalla, Councilman Michael Russo, Tina Sinatra, Saturday Night Live alumni Joe Piscopo, Sculptor Carolyn D. Palmer, Joseph Cinque Chairman-AAHS and performances by New York Tenor Christopher Macchio and the Sinatra School of the Arts.

The 6-foot bronze sculpture of Frank Sinatra is a lifelike masterpiece and the work of artist Carolyn D. Palmer, who has sculpted many historical figures including Pope Francis, permanently displayed at St. Patrick's Cathedral, and Thomas Jefferson. The monumental figure is depicted in a three-piece suit leaning against a flickering lamp post with his hat tipped to one side. Those who look closely will also see Sinatra wearing his pinky ring, as Sinatra's daughter Tina Sinatra, sent one of her father's rings to Palmer to incorporate in the sculpture. This beautiful tribute to "The Chairman of the Board" Frank Sinatra is a testament to his legacy as one of the most influential entertainers the world has ever known.

10X

"Your greatness is limited only by the investments you make in yourself." - Grant Cardone

The 10X philosophy is more than just a mantra; it's a community. A community of achievers, thinkers, and doers who believe in multiplying their efforts, their successes, and their lives. 10X is about educating, building partnerships, collaboration, co-investing and collective wisdom of like minded people winning together within the 10X community. It all started with real estate and business mogul Grant Cardone, writing the 'The 10X Rule' and laying the foundation for a sales and marketing empire. This blueprint not only transformed his ventures, but also allowed him to invest profits toward real estate; ultimately creating a \$4 billion portfolio, backed by over 13,000 investors. Changing the landscape of the real estate industry quickly attracted business scaling and growth experts, Brandon and Natalie Dawson. They joined forces with Grant and Elena, starting Cardone Ventures, a business consulting, investment and incubator firm revolutionizing the twelve trillion dollar SMB business marketplace.

10X isn't just a number; it's a mindset. It challenges you to magnify your aspirations, your wealth, your well-being, your impact, your life... and then 10X it again. We believe in dreaming big, and then dreaming even bigger.

TOKU 徳

MODERN ASIAN CUISINE

The Emperor of Asian Fusion

In 2007, Gillis and George Poll opened Toku: a magnificent Modern Asian restaurant. Having conquered steakhouse, seafood, and Italian cuisine, the Poll brothers decided to try something new with Asian fare. Toku's design is based on a 19th-century Japanese home brought into the 21st century with ultramodern elements. The equally outstanding cuisine is predominantly Japanese with Chinese elements and touches of Thai, combining ingredients and cooking techniques from around the world to create the Modern Asian menu the Poll brothers had a personal hand in crafting.

The awesome new Toku location in Miami offers the same fabulous menu of diverse and modern Asian cuisine while enjoying a sleek and fashionable ambiance. Decor by Bentel & Bentel Architects (award-winning designers of The Modern at MoMA) coupled with George and Gillis' input created Toku's chic design with upscale elements. The spectacular cuisine, along with creative mixology, is the perfect combination to enjoy with friends and family, being dazzled by Cosmopolitan Asian-inspired fare which includes appetizers, entrees, desserts, or dining exclusively on sushi. Toku is guaranteed to impress and satisfy one's taste buds! Don't miss their signature cocktails and sake-infused sangria served at their gemstone-illuminating bar. Enjoy Toku and all it has to offer, chowing down, sipping, listening, and dancing to electrifying DJs spinning the hottest tunes.
